Product Issuer: Source Funding Pty Ltd ACN 622 815 294 AFSL and Australian Credit Licence 510226

What is a Target Market Determination?

A Target Market Determination (or **TMD**) describes the class of consumers that this product is targeted at (the **Target Market**) and matters relating to the product's distribution and review.

This TMD also describes the situation where we are required to review this TMD, which are called Review Triggers.

Why does Source Funding need to have a TMD?

Source Funding is required by law to have a TMD.

The purpose of the TMD is to instil discipline in the design and distribution of financial product, such as this loan, to ensure that the product is appropriately designed for the Target Market or conversely to address the circumstances where this product is not appropriate for the Target Market.

This TMD is not a substitute for the products terms and conditions and other disclosure documents required under the National Consumer Credit Protection Act 2009 (Cth) and applicable regulations (the **National Credit Laws**). Neither is this TMD intended to provide financial advice. When making a decision about this product, you also need to read the products terms and conditions including:

- Source Funding Pty Ltd Loan Agreement (including the loan general terms and conditions)
- The Mortgage (including the Mortgage Common Provisions)

TMD Version: 1.2

TMD Effective Date: 23 September 2025

TMD Next Review Date: 17 April 2026

TMD Review Period: At least every 12 months from the start date of this TMD

4. Target Market

The table below is intended to pair the product attributes and features with the objectives and needs of the Target Market. Source Funding has assessed that the product including its key attributes and features as likely to be consistent with the objectives and needs of the Target Market.

Objectives and needs	Product attributes and features
Need a loan with the ability to repay early but retain flexibility to redraw funds.	The loan has a variable interest rate. Whilst variable the interest rate may fluctuate, the borrower can make early prepayments / additional repayments ahead of schedule without charge. Subject to the loan agreement terms the borrower may also redraw prepayments / additional repayments (conditions apply).
Need a loan with the ability to reduce the amount of interest that might otherwise be paid on the loan.	The loan has a variable interest rate. Whilst variable the interest rate may fluctuate, the borrower can deposit funds into a loan offset facility* (to reduce the interest payable on the loan) or directly into the loan account (to reduce the loan balance and the interest payable on the loan) in order to reduce interest payable on the loan. *Source Funding is not a bank and the offset facility account is not a bank account linked to a loan account. As a result the mortgage loan offset facility (and any amount in the loan offset facility) is not covered by the government's financial claims guarantee scheme should the credit provider fail. The amount in the loan offset facility cannot exceed the loan amount and if it does exceed the loan amount we will ask you to transfer the amount to your bank account. If the credit provider failed, the amount recorded in the loan offset facility will be applied against the outstanding loan balance.
Ability to switch from principal and interest repayments to interest only repayments	Where it meets to borrowers requirements and objectives, switching to interest only repayments can be considered (conditions apply). Interest only repayments are only available up to a maximum of 5 years.
Need a home loan for any of the following reasons:	
Purchase or refinance of an owner-occupied and investment residential property	This product allows consumers to finance the purchase or refinance of residential property and make principal and interest repayments in order to reduce the overall debt and build equity in the property.
Access equity	This product allows consumers to access part of the equity in their property in order to use the funds for an approved purpose in accordance with our lending criteria.

The features of this product, including its key attributes have been assessed as not meeting the likely objectives, financial situation and needs of a customer:

- self managed superannuation fund borrowers.
- foreign registered or incorporated corporations / companies
- a customer that needs to borrow less than 1% of the LVR or more than 80% of the LVR;
- a customer that requires a loan term less than 2 years or greater than 30 years;
- a customer that requires a fixed interest rate loan;
- a customer that requires a line of credit facility.
- A customer that requires a Home Loan with full transactional banking (For example – Salary Credits, Direct Debits for external loans are not available for this product)

5. Financial situation

The features of this product, including its key attributes have been assessed as meeting the likely objectives, financial situation and needs of consumers who:

- meet our lending eligibility and credit assessment criteria, which includes receiving sufficient and consistent income to be able to service the loan;
- demonstrates capacity to make the required repayments to repay the loan without incurring substantial hardship;
- where determined by Source Funding to be required (based on the applicant and loan attributes), has an acceptable guarantor

When a customer makes an application an assessment will be made of the customer's ability to service the loan, to make the required repayments and to repay the loan without incurring substantial hardship. This process will mean that the product will likely be consistent with the financial situation of the Target Market.
